

Name _____

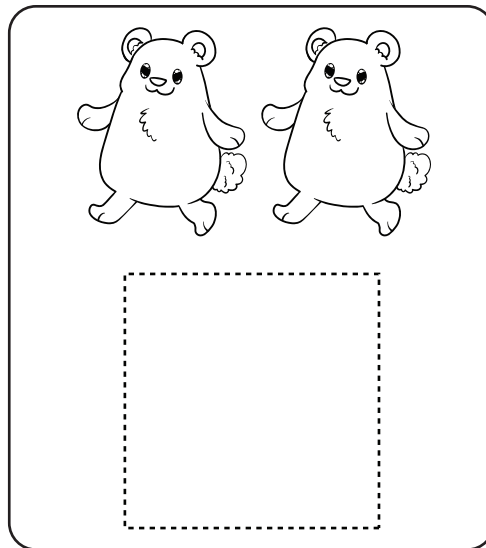

Trace and cut out the numbers. Match each number with the number of bears in each box by pasting it inside the square.

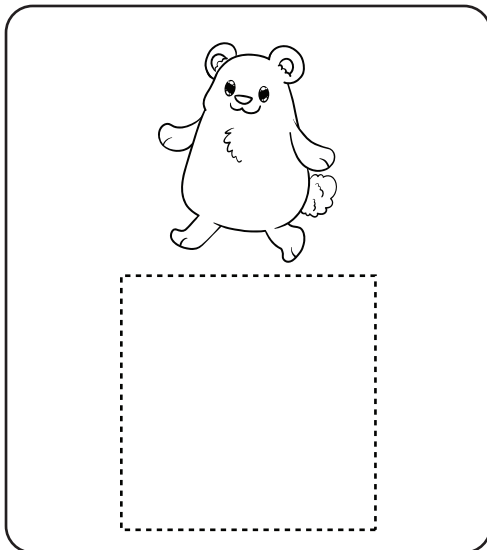

A box containing five cartoon bears. Below the bears is a large dashed square for pasting a number.

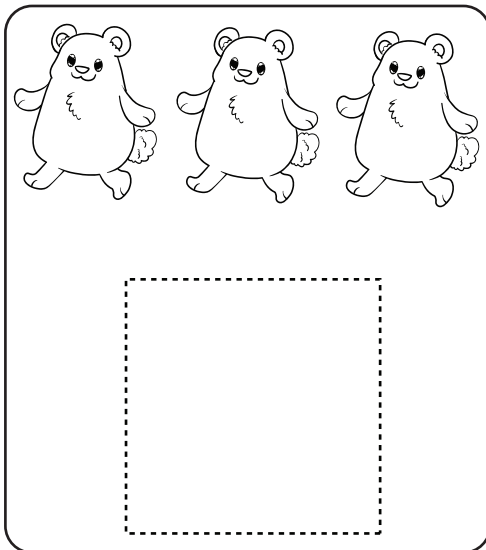

A box containing four cartoon bears. Below the bears is a large dashed square for pasting a number.

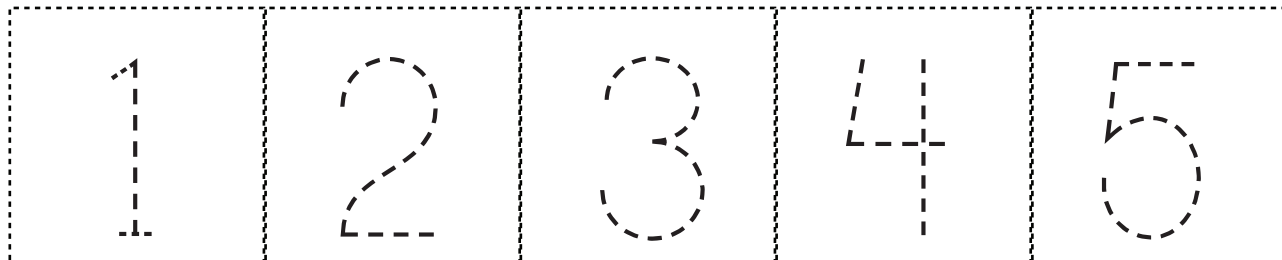

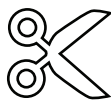

A box containing two cartoon bears. Below the bears is a large dashed square for pasting a number.

A box containing one cartoon bear. Below the bear is a large dashed square for pasting a number.

A box containing three cartoon bears. Below the bears is a large dashed square for pasting a number.

A row of five dashed boxes containing the numbers 1, 2, 3, 4, and 5 for tracing. A dashed line runs above the boxes.
