

Groundhog Day Worksheet

Name _____

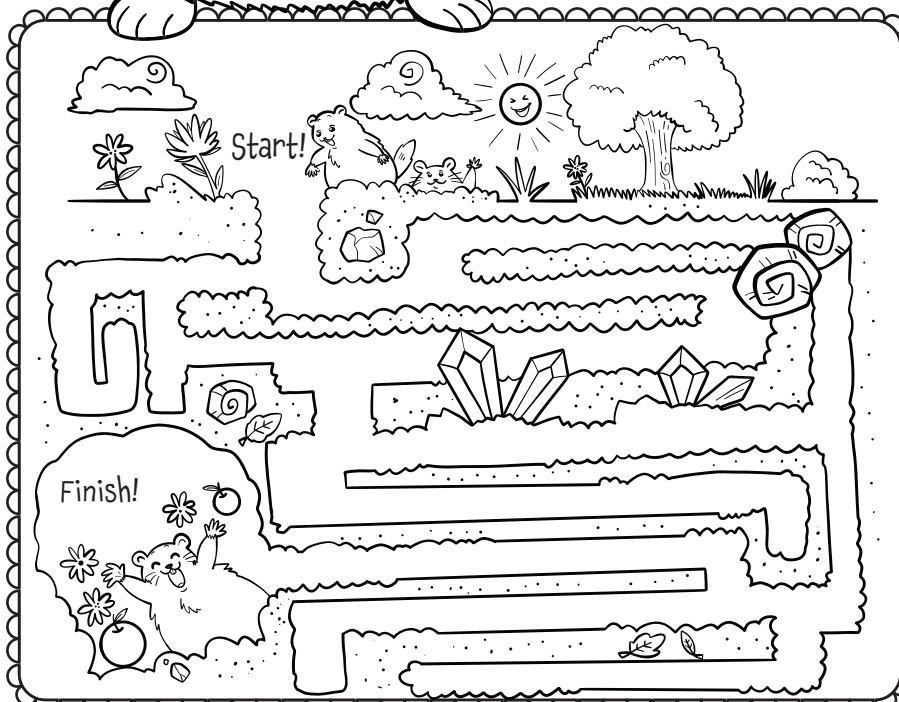

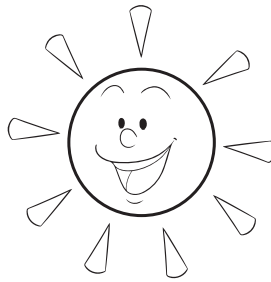

February 2nd is Groundhog Day! It's a fun day when we learn about a little animal called a groundhog.

Shadow Search

On Groundhog Day, we watch to see if the groundhog sees its shadow. If it's sunny and he sees it, we might have 6 more weeks of winter. If it's cloudy and he doesn't, spring might come early!

Color the sun or cloud to show what you think will happen this year.

Let's draw a picture of a groundhog!
