

Snail More or Less Number Game

Name _____

Directions:

When you see a number in front of a snail with an arrow (↑ or ↓), roll a die to get a number that is more or less than the number in front. For example, if you see 4 in front of a snail with an upward arrow (↑), roll a die to get a number that is more than 4. Write the number inside of the snail and move forward until you finish the game.
